

TESTIMONIAL

**ERECTION OF A 2-STOREY DETACHED DWELLING HOUSE WITH AN ATTIC  
AND SWIMMING POOL AT COVE DRIVE, SENTOSA**

To whom it may Concern,

I have engaged EuroBuild Pte Ltd as the Main Contractor for the construction of the bungalow at Cove Drive, Sentosa in 2009.

EuroBuild has demonstrated an excellent performance throughout the entire duration of the project and cooperated well with my wife and myself, as well as with the Consultants, Sub-contractors, Specialists and owner representative. They also responded timely and responsibly to defects rectification after the house had been handed over to us.

I would gladly recommend EuroBuild to any potential client who is looking for a reliable building contractor in Singapore.

Mikhail Korob  
(House Owner)
